General Notes to be Included on Site Plan:

- “Project to be built to County or City specifications for water and sewer. A utility plan must be submitted and approved by Engineering and Emergency Management.”
- “County and/or State Stormwater Permits must be obtained prior to any construction. No natural drainage areas will be cut off or disturbed before obtaining the permits.”
- “There shall be a note on the final plats, master covenants, and deeds showing the location of wetlands and noting that those areas may not be filled, disturbed, or altered in any way unless properly permitted by the NC Department of Environment and Natural Resources and/or the U.S. Army Corp of Engineers.”
- “A home owners association will be formed prior to the sale of lots and membership will be automatic upon purchase within the development. The homeowners association will comply with the standards set forth in Section 6.11.2.I. of the Unified Development Ordinance.”
- “All roads will be built to NCDOT minimum paving standards for subdivision roads.”
